- Problem-Solving Skills
- Adaptability and flexibility

CERTIFICATIONS

PostgreSQL for Everybody

University of Michigan

December 2023

TensorFlow in Practice

Specialization

Coursera

September 2019

EXPERIENCE

DEVELOPER

Echoess

July 2024 - Present

- Developed a comprehensive learning platform using Next.js, Supabase, and Tailwind CSS, implementing advanced educational technologies that enhance student engagement and knowledge retention.
- Engineered collaborative tools that facilitate seamless idea sharing and knowledge exchange, enabling students to interact, discuss, and learn from one another in a dynamic digital environment.

FRONTEND DEVELOPER

Prosperna

Aug 2022 - Apr 2024

- Designed and maintained a high-quality, responsive UI for an e-commerce platform, ensuring smooth user experiences and increased engagement.
- Collaborated with UI/UX designers to create a user-friendly Drag-and-Drop page builder, empowering users with easy website customization.
- Worked closely with backend developers and product managers to ensure frontend development aligned seamlessly with overall business goals, optimizing effectiveness.

PROJECTS

Trackr

- Developed a habit-tracking app using Next.js and Tailwind CSS, featuring a sleek, responsive design and a user-friendly interface.
- Implemented core functionalities such as habit creation and tracking, progress visualization with charts, and sharing habits for accountability.
- Built a secure backend with Supabase for data management and authentication, and integrated OpenAI's API to provide AI-powered insights and recommendations.
